Experience

Rightpoint India By Genpact June 2025 – Present

Developer — Java, Spring Boot, Microservices, React js, MySQL, AWS *Hyderabad, India*

- *Working on GS-Select project using Java 11/17, Spring Boot, Microservices, and Reladomo ORM for scalable data operations.*
- *Built and optimized REST APIs integrating MySQL and MongoDB, ensuring low-latency data access.*
- *Implemented unit testing using JUnit & Mockito, and contributed to CI/CD pipelines with Gradle, Git, and TeamCity.*
- *Collaborated through Confluence and KeepAlive for documentation and integration support.*

Virtusa Consulting Services Dec 2021 – Aug 2024

Associate Engineer — Java, Spring Boot, Microservices, React js, MySQL, AWS *Hyderabad, India*

- *Designed and developed RESTful APIs for the Citi Business Online project using Java, Spring Boot, and Hibernate.*
- *Built scalable microservices and optimized SQL queries for improved database performance.*
- *Collaborated with ReactJS frontend for seamless integration and enhanced user experience.*
- *Used JIRA for Agile project tracking, achieving a 100% on-time delivery rate.*
- *Implemented data trimming functionality that increased client's buyer base by 25–30%.*

Projects

PawanSeva - Airline Management System | *Java, Spring Boot, Microservices, Hibernate, MySQL, Postman* GitHub

- Developed a backend system for an airline management application using **Java** and **Spring Boot**, implementing **Microservices architecture** for user management and payment processing.
- Designed and **optimized** database schemas in **MySQL** and **PostgreSQL**, integrating **RESTful APIs** for seamless data exchange between services.
- **Deployed** backend services with **Docker** and **orchestrated** using **Kubernetes** to ensure robust and scalable production environments.
- Applied **pagination, searching**, and **sorting** functionalities with informative messaging for booking data retrieval.
- Build role specific APIs for admin and normal user respectively and added **JWT authentication** for securing APIs.

Technical Skills

Programming Languages: Java, Python, SQL

Back-end Tech: Spring Boot, Hibernate, Spring, J2EE (Servlet, JSP), JDBC

Front-end Tech: HTML, CSS, JavaScript, React.js, Angular, TypeScript.

Databases: MySQL, PostgreSQL, MongoDB

Version Control: Git, GitHub, Bitbucket

Cloud: Amazon Web Services (AWS), Docker, Kubernetes

Core Subjects: Data Structure and Algorithm, Operating System, Networking, Database

Miscellaneous: Multithreading, Design Patterns, Low Level Design, High Level Design, Microservices, Agile, Kafka

Achievements

- Oracle **Certified** Associate, **Java** SE 8 Programmer
- **100% Project Delivery Rate**: Maintained a perfect project delivery rate, consistently aligning deliverables with client business strategies and requirements

Education

DNR College Of Engineering & Technology 2016 - 2020

B.Tech: Computer Science And Engineering(CSE) ***CGPA : 8.13***
